On 7 December 2023. Detween 2130 and 2230 hrs, I witnessed 2 suas flying in the vicinity of the installation. The first suas was over the bay, adjacent to Ward Rd. to the East of the installation, flying towards the area of King St. Gate. Once I lost visual of that suas, I began to sweep towards Armistead Gate. I pulled into the parking lot of Bleg. 330 and started to scan the area, where I spotted one suas flying over the West Ramp of the flight line. The second suas flew towards the East Ramp where I lost visual. Both suas displayed red and white flashing lights and appeared to be flying lower than yesterday. I END OF STATEMENT 1/160000
